**DETAILED ACTION**

***Response to Amendment***

1. Applicant's amendment and remarks submitted 20 October 2004 have been entered.

***Allowable Subject Matter***

2. Claims 42, 45, and 54-66 are allowed.
3. The following is an examiner's statement of reasons for allowance: Claims 42 and 45 were previously objected to in the office action mailed 27 July 2004 for being dependent upon a rejected base claim. Applicant has rewritten claims 42 and 45 in independent form, thereby making the claims allowable. Claims 54-66 were previously allowed in the office action mailed 27 July 2004. Since applicant has cancelled all other claims, the instant application is now in condition for allowance.
4. The Examiner gave reasons for the indication of allowable subject matter in the previous office action. The subject adhesive structure is provided for protecting the layers of an OED from exposure to open air, thereby improving the lifetime of the device. The design is new and unique to the art.
5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
